

AUDIOLOGICAL SERVICES

EXPANDS SERVICES FOR COCHLEAR IMPLANT PATIENTS

Audiological Services is excited to announce that we are now a part of the Cochlear Provider Network (CPN). CPN is a network of audiologists and ear surgeons who work together to raise awareness about implantable hearing loss treatment options and provide patients with access to premier hearing care.

Dr. Sally E. Muhlbach, Audiologist

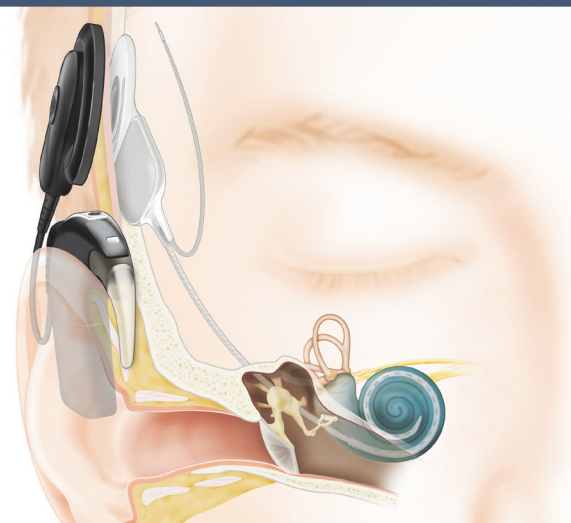

Who is a candidate for a cochlear implant?

- *An individual who does not receive enough benefit from hearing aids to understand speech well through listening alone and has trouble communicating*
- *An individual with moderate to profound sensorineural hearing loss*

Dr. Sally E. Muhlbach, Audiologist, is now providing these services:

- Assessment to determine **candidacy for surgery**
- **Referral for surgery** in Houston or College Station
- **Implant activation** and **program mapping** of speech processor
- **Auditory rehabilitation therapy** to facilitate use of the new sound

For more information about cochlear implants or to refer a patient for an evaluation, please contact Audiological Services at (936) 632-2252.

A referral is required for all BCBS Health Select and Cigna HealthSpring patients. A written order/prescription is required for Medicare patients.
