Introducing Styletto
IT'S MORE THAN A HEARING AID. IT'S EMBRACING LIFE WITH STYLISH, HIGH-TECH HEARING.

Today we unveil an innovation in hearing aids: Signia Styletto. It's slim-line styling combined with high-tech hearing creates the opportunity for you to reach patients who never would have worn hearing aids before. Signia Styletto meets the needs of people with hearing loss who want a hearing solution that matches their image of themselves. In fact, the world's first SLIM RIC is preferred by 8 out of 10 people compared to conventional hearing aids.* Styletto is powered by our proven Signia Nx platform with Own Voice Processing (OVP™) for the most natural sounding own voice. Experience the evolution of style with Signia Styletto
