

## Take the Oticon Better Hearing Challenge!

Can your hearing aids stand up to the challenge?

I challenge you to put your current hearing aids to the test against Oticon Opn S 1 – a revolutionary new hearing aid that is proven to provide better speech understanding with less effort in noisy environments. Plus, for a limited time only, you'll receive a \$300/pair manufacturer's rebate when you make the switch to Opn S 1!

### Step Up to the 360° Open Sound Experience

Oticon Opn S 1 is ready to take on traditional hearing aid technology, which copes with noise by restricting sounds and focusing on a single source of sound at a time.

Instead, the 360° open sound experience in Opn S 1 gives your brain access to all of the relevant sounds all around you. That puts you – not your hearing aid – in charge of which sounds you want to focus on.

### Technology Up to the Challenge

Even hearing aids introduced just two to three years ago are no match for the groundbreaking technology in Opn S 1:

- BrainHearing™ technology scans the environment 100x per second, giving you constant access to 360° sound support\*
- Speech understanding in difficult listening situations at the level of people with normal hearing.\*
- Better understand what's spoken, with less strain, and remember more of what people say\*
- Easy wireless connections and super-fast rechargeable batteries for a full day of power\*\*

**Join us for our Oticon Better Hearing Challenge Special Event  
Month of February!**

I am confident you will hear what you have been missing. Make the switch to Opn S 1 and receive a \$300/pair manufacturer's rebate!\*\*\*

**Space is limited! Call our office at 954-752-1559 to schedule your appointment to try Opn S 1 for yourself.**

Sincerely,

*Roberta Randel*

\*\*Lithium-ion battery performance varies depending on hearing loss, lifestyle and streaming behavior.

\*\*\* Purchases of Oticon Opn S 1 hearing aids must be made by May 1, 2020. Qualifying rebate form must be submitted by June 30, 2020. This offer may not be used with any federal or state funded reimbursement programs, including, but not limited to Medicare, Medicaid and the VA. Rebates are not valid on returned hearing aids and apply only to the purchase of Oticon Opn S 1 hearing aids. See a complete list of terms and conditions at [www.oticon.com/challenge-terms](http://www.oticon.com/challenge-terms).

### William made the switch!

"When I was fit with the new Opn S rechargeable devices from Oticon, I was absolutely shocked by the difference from the devices I had been wearing for the last couple years."
